

2015 Edition §170.315(a)(2) CPOE - Laboratory					
Testing Components:					
Gap					
Test Procedure Version 1.1 – Last Updated 10/22/15					

Please consult the Final Rule entitled: *2015 Edition Health Information Technology (Health IT) Certification Criteria, 2015 Edition Base Electronic Health Record (EHR) Definition, and ONC Health IT Certification Program Modifications* for a detailed description of the certification criterion with which these testing steps are associated. We also encourage developers to consult the Certification Companion Guide in tandem with the test procedure as they provide clarifications that may be useful for product development and testing.

Note: The order in which the test steps are listed reflects the sequence of the certification criterion and does not necessarily prescribe the order in which the test should take place.

Required Tests

(a)(2) Computerized Provider Order Entry – Laboratory

(i) Enable a user to record, change, and access laboratory orders.

Standard(s): None

Criteria ¶	System Under Test	Test Lab Verification
