

# General Relationships (QDM-49)

## Add “fulfills” general relationship operator and review others

"Communication: Provider to Provider: Consult Note" fulfills "Intervention, Order: Referral"

- Impact:**
- Allows expression of relationship between consult notes and referral
  - Needed by some MU-3 measures

- Notes:**
- **MAT contains other relationship operators (*undocumented in QDM*)**
    - authorized by, causes, is derived from, has goal, has outcome
  - **Will discuss applicability of other relationships w/ QDM User Group**
    - QDM 4.1 will define only those operators confirmed by the User Group
