**Children Who Have Dental Decay or Cavities**

Percentage of children, age 0-20 years, who have had tooth decay or cavities during the measurement period

**Sample Calculation**

**Performance Rate =**

$$\frac{\text{Numerator (a = 40 Patients)}}{\text{Denominator (b = 100 patients) - Denominator Exclusions (x = 20 patients) - Denominator Exceptions (c = N/A)}} = 50.00 \%$$

\*\*A lower performance rate indicates better performance.
