A FHIR Consent resource.

This resource defines the terms of consent for a patient named T Frank, dated 2017-08-23, regarding mental health and HIV information. The patient has consented to all information being provided and has given their name and date of birth. The resource also includes flags for copy and decline of consent, and verbal withdraw options.

The resource is version 1 and was last updated on 2017-08-23T12:00:00Z.
