

# Notes from the March 6, 2020 call

HIMSS is cancelled, but it is going online (HIMSS Digital).

Reviewed options to move the demo along:

- Making a recording
- Wait for HIMSS for guidance
- Looking for other opportunities to show the demo

At this point it seems that waiting for HIMSS to organize the Interop Showcase online is the best way forward, as they have asked us explicitly to refrain from recording.

We will still have another rehearsal on Monday and Tuesday next week.
