- To view past PDMP All Hands meetings, including slides and recordings, visit the [PDMP Past Materials page](#).
- The [PDMP Parking Lot](#) is a space to "park" ideas, suggestions, and other proposals brought up by the PDMP community. The community has identified additional purposes/scenarios where this initiative is applicable, which are not necessarily part of the initial phase which is focused on research and patient safety. As we progress through Phase I of the initiative, these items will be re-assessed.
