

# Notes from the November 6, 2020 call

Timeline for 360XL - to be approved for publication at the IHE meeting next week.

Review of [current document](#) about Food Needs and SDOH in general - several outstanding tasks remain for [Vassil Peytchev](#) to follow up on.

Discussion on possible alternatives to current 360X conventions as the basis for SDOH interactions, or mixed model where 360X initiates, and other types of exchange continue as a result.
