

# Phase 1: Basic Choice for TPO Use Case Development

## Use Case Announcements

- The first Community Update Call and Pilots Launch was held on **Tuesday, April 12th, 2016 at 2:30 pm Eastern**. The slides and recording are posted [here](#).
- The Patient Choice Technical Project Basic Choice Use Case has been published and is available for download below.

## Materials

Name	Descriptions	Date Uploaded
<a href="#">The Patient Choice Technical Project Basic Choice Use Case</a>	The use case describes scenarios and functional requirements for development of technical solutions to implement interoperable basic consent directives. The use case will be the foundation for organizations to test solutions and implement standards for patient choice.	4/12/16
<a href="#">Data Set Considerations Candidate Standards Mapping</a>	Detailed mapping of dataset considerations across candidate standards	4/12/16
<a href="#">Data Set Considerations Candidate Standards Mapping Companion Document</a>	Introduction to the detailed mapping spreadsheet. Contains high-level findings including adoption status and pros/cons of each standard for purposes of capturing consent information	4/12/16

## Use Case End to End Review

The End to End Review comment period is now closed.
