

Genomics and Precision Medicine

Title	Author	Date	Source
Assessing and managing risk when sharing aggregate genetic variant data	Craig et al.	October 2011	Nature Reviews Genetics
Newborn Screening Lawsuit Against Minnesota Department of Health Settled	Kelli Christianson	January 3, 2014	Farrish Johnson Law Office
Newborn Blood Spot Litigation: 70 Days to Destroy 5+ Million Samples	Adam Doerr	February 2, 2010	Genomics Law Report
From Evolution to Revolution: Building the 21st Century Genomic Infrastructure		December 2014	Health IT Now and the Center for Data Innovation
The Precision Medicine Initiative Cohort Program – Building a Research Foundation for 21st Century Medicine		September 17, 2015	Precision Medicine Initiative (PMI) Working Group (NIH)
Precision Medicine Initiative: Privacy and Trust Principles		November 9, 2015	The White House
Claritas Genomics and Genetic Alliance Announce Partnership to Enable Patients and Families in Clinical Care to Participate in Pediatric Rare Disease Research		June 23, 2015	Claritas Genomics
AACR Project GENIE			American Association for Cancer Research
Big Data: Astronomical or Genomical?	Stephens et al.	July 7, 2015	PLoS Biology
Issues and Trends in Electronic Genomic Data Exchange		October 16, 2015	WEDI
Care.data and big data will fill 'dangerous gaps' in NHS and futureproof it with genomics, argues Tim Kelsey	Danny Palmer	January 13, 2015	Computing research
Data analysis: Create a cloud commons	Stein et al.	July 8, 2015	Nature
Biological Domains and Big Data: How Genetic Data Will Make Health Records to Evolve	Alice Rathjen	2013	DNA Guide
