

2017 Interoperability in Action Webinar Series #1

About ONC Tech Lab's Inaugural Interoperability in Action Day

Organized by the Office of the National Coordinator for Health IT (ONC), this daylong event highlighted many of the successful standards and technology engagements ONC has supported to advance the electronic exchange of health information. The webcast showcased our most recent challenge contest winners and updates from the High Impact Pilot and Standards Exploration Award winners among other featurettes. Presentations highlighted interoperability in action from coast to coast. This event provided an opportunity for participants to learn about new and exciting advances being demonstrated in the field.
