## Common Data Model Harmonization (CDMH) Project

*The purpose of this project is to provide patient-centered outcomes researchers with access to broader observational data by leveraging existing PCORTF investments, including HL7 Data Access Framework for Research (DAF-Research), National Institutes of Health Common Data Elements (NIH CDE) NCI Cancer Data Standards Registry and Repository (caDSR), and other resources from several research and clinically oriented networks.*

### **CDMH FHIR IG:**

*The CDMH FHIR IG that came out of this project can be located at:*

<http://hl7.org/fhir/us/cdmh/>

### **Workshop Artifacts:**

*CDMH Workshop 1: October 11, 2017 - Wardman Park*

*CDMH Workshop 2: May 30, 2018 - Webinar*

*CDMH Workshop 3: August 12, 2018 - Washington Marriott Georgetown*
